

NEWSLETTER QTR 1 2010

breaking down barriers

building confidence

N E W S L E T T E R

WISHING ALL OUR READERS A HAPPY NEW YEAR.

If you're planning your diary for 2010 and scheduling the many shows coming up this year, then make sure you're prepared by showing off your self-audit and approvals on-line. No matter how large your company, buyers need this information before they can trade with any new supplier, so be one step ahead by being able to direct them to your current listing at Approved 4 Business.

Baby it's Cold Outside!

When we're all spending so much money keeping the home and office heated, isn't it warming to know that some things in life are still free? The Myapproved4 function is completely free of charge and lets you list your favourite suppliers, keeping you updated whenever anything changes about their self-audit and approvals. We all buy from somewhere so, if you're a supplier, you can still sign up to Myapproved4 and select those companies you use. Let us know about any you can't see and we'll spread the word a little further.

The latest companies to utilise the MyApproved4 function are:

- Thomas Cook Airlines
- Aero Mechanical Services Ltd
- Air France KLM Engineering
- Royal Falcon Airlines
- Aerospheres (UK) Ltd
- Avtrade Ltd
- MEL Aviation
- Muirhead Avionics
- P3 Aviation Ltd
- PPG Sales
- Cobham Advanced Composites
- EPCOR BV
- Skywheels Group Ltd

Ensuring they never have out-dated approval information for their favourite suppliers.

Knowing me, knowing you

When you submit your registration to Approved 4 Business please don't forget to make us a known company on your system (you may need your I.T. Department to do this). This ensures the full self-audit is forwarded to your in-box and doesn't end up in your junk mail or caught by spam filters. Initial emails will come from enquires@approved4business.com

Approved4business.com is constantly trying to push innovation so that we can make your lives easier and the work you do more productive. If you wish to offer any feedback as to how we can improve our service to you then please feel free to contact us.
